FUNDING SUPPORT

The Oldman Watershed Council's (OWC) Watershed Legacy Program provides funding and support to landowners, producers, and stewardship groups for projects that improve water quality, habitat and sustainable land management within the Oldman River Basin. It offers a 50/50 cost-share for eligible projects like riparian restoration, wetland development, fencing, and invasive species control, helping to create a healthier watershed through practical, on-the-ground actions. Contact us at ag3@ranchland66.com if you have a project in mind!

SOIL CONSERVATION ACT

Healthy soil is vital for Alberta's land. The Soil Conservation Act requires landowners to prevent soil loss and degradation, helping keep our farmland productive and sustainable. By taking care of the soil today, we protect the land for future generations. Learn more at www.alberta.ca → Search Soil Conservation Act.

ADDITIONAL INFORMATION AND UPDATES

ORGANIZATION HIGHLIGHT

CANADIAN PRAIRIES
PRESCRIBED FIRE EXCHANGE

The Canadian Prairies Prescribed Fire Exchange is an agency established to share knowledge and training surrounding the use of prescribed fire as a management tool in prairie and parkland ecosystems. The CPPFE does not conduct prescribed fires, but instead provides learning and training opportunities, as well as facilitates equipment and resource sharing. For more information, check out www.grasslandfire.ca

SAVE THE DATE March 24th

We are hosting a Producer Programs Open House on March 24th from 12:00-3:00pm. Learn about the Producer Weed Assistance Program, Riparian Assistance Program and other funding sources for various ranch projects.
